

Colorado 700 MHz, 4.9 GHz, & SIEC

FCC Region 7 Regional Planning Committee

5002 South Newton Street
Littleton, Colorado 80123-1712

August 28, 2007

Federal Communications Commission
445 12th Street SW
Washington, DC 20554

RE: Notice that we are proceeding with 700 MHz Plan Changes.

Commissioners:

This correspondence is to notify the Federal Communication Commission that Region 7 700 MHz Committee is proceeding to revise and to update the Regional Plan that was originally submitted to the Commission (and is setting there on hold. at the Commission)

The amount of time given to our Committee in the Report and Order was not sufficient for us to do due process in changing our plan. We have submitted a request for a Public Notice of our next meeting for October 24, 2007. at 10:00 AM

Sincerely,

Emery L. Reynolds
Chairman
